EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Charles F. Wieland III (Reg. No. 33,096) on August 30, 2006.

The application has been amended as follows:

Amend claim 7 as follows:

At line 1, delete "having" and replace it with "encoded with a computer program for creating"

Reasons for Allowance

2. Claims 1-2 and 4-19 are allowed. The claims will be renumbered as 1-19.
3. The following is an examiner's statement of reasons for allowance: as applicants properly point out on pages 23-24 of the remarks filed on August 14, 2006 that the primary reference to Hiraga does not disclose or suggest, among other things, generating nodes that respectively correspond to parts of a part based representation of a 3D shape model; the nodes including unary attributes of the parts, wherein the unary attributes of the nodes comprise at least a volume, eccentricities, and a convexity as defined by independent claim 1; and a database of 3-dimensional (3D) graphics models that included nodes that respectively correspond to parts of a parts-based representation of a 3D shape model, the nodes including unary attributes of the parts,

wherein the unary attributes of the nodes comprise at least a volume, eccentricities, and a convexity as defined by independent claim 16.

Hence, and in view of applicants' arguments, amendment, and in combination with all of the other elements of the claims, the anticipatory rejection thereof to independent claims 1 and dependent claim 16 (which is now rewritten in independent form) is withdrawn, and making independent claims 1 and 16 allowable. Since dependent claims (2 & 4-15) and 17-20 directly or indirectly depend on claims 1 and 16 respectively, they are allowable also for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
